

Curriculum Vitae

Personal Data

Name: De Maesschalck Ben

Address: Belgium

Phone: +32495662221

Age: 29

Nationality: Belgian

E-mail: bendm77@gmail.com

Website/Projects: BenDeMaesschalck.be

Linkedin: <https://www.linkedin.com/in/ben-de-maesschalck/>

Education

2015-2019: Bsc in Biology at Kuleuven

2019-2021: Msc of Bioinformatics at Kuleuven

Skills

Programming: Python, SAS, SQL, Bash

Infrastructure & DevOps: AWS, Terraform, Git, GitHub, YAML

Data & Analytics: Data pipelines, Data Modelling, Data Quality, Clinical Data Standards

Experience

Data Standard Analyst — Medpace

2023 – 2025

- Reviewed and analyzed clinical datasets to ensure consistency, accuracy, and compliance with established standards.
- Worked with SAS to process, validate, and analyze clinical data.
- Supported the implementation and maintenance of standardized data structures and conventions.
- Identified data inconsistencies and worked with project teams to investigate and resolve issues.
- Collaborated with cross-functional teams to ensure consistent application of data standards.

Data Coordinator — Medpace

2022 – 2023

- Supported clinical data management and coordination activities.
- Worked with structured datasets and data quality processes.
- Collaborated with cross-functional teams to resolve data issues and maintain data integrity.

Career Break / Independent Projects

2025 – 2026

Moved to Mexico to study Spanish while developing my skills in data engineering and cloud technologies. Built multiple personal projects involving AWS, Python, Terraform, data pipelines, web scraping, and infrastructure automation.
